Webify – Website Development Challenge

Webify is a competitive website development event designed to bring together creative and technically skilled students to build innovative web solutions under real-time constraints. The event provides a hands-on platform for participants to showcase their web development expertise, UI/UX skills, problem-solving ability, and teamwork before an expert jury panel.

The competition will be conducted over two days, emphasizing rapid development, mentorship-driven improvement, and competitive evaluation.

EVENT STRUCTURE

Day 1 – Development & Mentoring Round

- Teams will be given a problem statement/topic on the spot.
- Participants will begin designing and developing a functional website within the given timeframe.
- Expert mentoring sessions will be conducted to guide teams on development, UI/UX, and best practices.
- Teams will be evaluated based on innovation, design quality, functionality, and technical execution.
- Shortlisted teams will advance to the final round.

Day 2 – Final Development & Face-Off

- Shortlisted teams will further enhance and refine their websites.
- Teams will present and demonstrate their completed websites before the jury panel.
- The event concludes with a final face-off.
- The decision of the jury will be final and binding.
